Water Policy Issue2

Allotment holders may collect water from the blue butts by the changing rooms as required and these will be kept topped-up.

Allotment holders should never water allotments direct from a hose. Water butts are filled in sequence when volunteers available but not more frequently than once every 2 weeks.

Allotments contribute 30% of water bills received from 1st January 2019. The Club is exploring a simple method to meter allotment consumption directly.

This policy is kept under continual review as we seek methods to reduce our present water bill.
