[G] [G]

I can [G] see her lying back in her [G] satin dress
In a [D7] room where you do what you [G] don't confess

[G] Sundown, you'd [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs
[G] Sundown, you'd [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs [G]

She's been [G] looking like a queen in a [G] sailor's dream
And she [D7] don't always say what she [G] really means

[G] Sometimes I [C] think it's a shame
When I [F] get feeling better when I'm [G] feeling no pain
[G] Sometimes I [C] think it's a shame
When I [F] get feeling better when I'm [G] feeling no pain [G]

I can [G] picture every move that a [G] man could make
Getting [D7] lost in your lover is the [G] first mistake

[G] Sundown you [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs
[G] Sometimes I [C] think it's a sin
When I [F] feel like I'm winning when I'm [G] losing again [G]

I can [G] see her lying back in her [G] satin dress
In a [D7] room where you do what you [G] don't confess
[G] Sundown, you'd [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs [G]

I can [G] see her looking fast in her [G] faded jeans
She's a [D7] hard loving woman got me [G] feeling mean

[G] Sometimes I [C] think it's a shame
When I [F] get feeling better when I'm [G] feeling no pain
[G] Sundown you [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs

[G] Sundown you [C] better take care
If I [F] find you've been creeping 'round [G] my back stairs
[G] Sometimes I [C] think it's a sin
When I [F] feel like I'm winning when I'm [G] losing a-[G]*gain
