Clearly we were at a point of crisis concerning the season brought about by covid-19. All league matches had now been cancelled including opening match at Weston super Mare. However were we to continue as a Club for the season?

Michael Adams proposed a membership fee of £40 for this season when we would have roll ups and internal Club competitions. The green would be open all week except when green maintenance being undertaken of course.

Our anti covid-19 measures would be

- No congregating in the Clubhouse but bar would be open.
- People could bring their own food and drink if preferred.
- No food on sale
- Hand sanitisers freely available
- Anyone displaying symptoms not to attend but self-isolate.

It was discussed introducing Australian style league matches within the Club.

Promote activities through a WhatsApp group to be set up.

We would still put in for Collett Park

Meeting closed and social evening continued

Footnote

These well intentioned proposals were overtaken by events and the Club entered total shutdown.
